

## **DANA DECLARATION**

A group of concerned professionals including social and natural scientists from all regions of the world met in Wadi Dana Nature Reserve, Jordan, from 3 to 7 April 2002, to consider a **comprehensive approach to mobile peoples and conservation**. At the end of this four-day meeting, co-sponsored by **World Commission on Protected Areas (WCPA)**, the participants adopted the Dana Declaration, which should offer the basis of a partnership between mobile peoples and conservation. It is aimed to integrate some of these principles into the agenda for the UN summit on Social Development [September 2002 in Johannesburg] as well as the World Parks Congress agenda [September 2003 Durban].
